Special Announcement

Medicare Open Enrollment is offered through December 7, 2019

This is the time to review your current plan and compare it to the new plans for 2020. You may have received notices with information about changes to your coverage for the coming year. It is important to read and understand these notices, so that you can decide if your coverage will continue to meet your needs or if you should change it.

Each year insurance companies are able to change their formularies and premium costs. Although a Prescription Drug Plan (PDP) may cover your medications in 2019, the same plan may not cover the same medications in 2020. It is beneficial to review your plan every year. Our Social Services Department is taking **individual appointments** to review the new 2020 Prescription Drug Plans. For more information or to make an appointment please call **Flor, our receptionist at 231-0742.**
